# Elementary Standards-Based Report Card

## FOURTH GRADE

## WHAT IS THE PURPOSE OF THE STANDARDS-BASED REPORT CARD?

The purpose of the standards based report card is to provide parents/guardians, teachers, and students with accurate information about students' progress toward meeting academic standards. The report card clearly explains skills children should know, and be able to do, by the end of each grade level. By monitoring the concrete skills and knowledge listed on the report card, we will know whether students are making progress toward mastering the skills necessary at each grade level.

## WHAT ARE ACADEMIC STANDARDS?

Academic standards are a list of grade level skills that set a roadmap for curriculum and instruction. They provide a clear and consistent focus for students, parents/guardians and teachers to follow to prepare students for college and the workforce. By using the standards as a guide we can build student knowledge and skills while setting high goals for achievement and development of critical thinking skills.

Of course, high standards are not the only thing needed for student success. Having clearly defined goals helps families and teachers work together to ensure students progress. Standards assist parents and teachers in recognizing when students would benefit from extra support or when they need to be challenged.

## HOW DOES THE REPORT CARD EVALUATE PROGRESS?

The report card will use four different performance codes to indicate a child's progress toward meeting the New York Common Core State Standards. The following table offers an explanation of what each academic number means and outline expectations for each level. Student progress will be given a performance level of **4, 3, 2, 1** as an indicator during each marking period. Students will be given ratings of **S** or **N** in the "Qualities of a Port Pride Learner" section.

## ADDITIONAL PARENT/GUARDIAN RESOURCES

Learning does not end in the classroom. Children need help and support at home to succeed in their studies. Providing a quiet place and scheduled time for homework creates good work habits. Helpful websites are listed below.

The Engage New York Toolkit for Parents and Families is a collection of materials and resources that will help parents and families understand the New York State education reform initiatives. We encourage parents and families to use these tools in conjunction with resources and information you receive from your child's school and teachers.
