Re: **Revolutionary War Educational Program**

On December 18th the PJMS will be hosting several Orange County Historians for a presentation on **Joseph Brant**, of the Revolutionary War.

Our visitors would like to display some antique weapons to the students. Therefore, we are requesting the Board of Education's approval to allow the presenters to bring the antique weapons into the school for display purposes only. The students will not be handling the weapons nor will there be any ammunition in the weapons.

Thank you for your consideration in this great opportunity for our students.
