Scott's Schedule & Role

Monday-Floater day

Tuesday- Middle School

Wednesday- ASK

Thursdays- HBE

Fridays- High School

Floater days are by appointment.

Appointments can be made when I am in your building or via e-mail to

sreichert@pjschools.org. Again, I am

flexible if you need assistance with something NOT on your scheduled day, you can still send me an e-mail or make an appointment. I can help you use technology w/ your students. I can help with web-based lessons CPS, Smartboard search strategies and more. All fit to what you are already teaching.

New Tools for Learning

This year the district purchased many new tools to improve student learning. Each school received an assortment of equipment that can be signed out with the computer aide. We have also added new web-based software such as Moodle, Gizmos and Gadgets, Turn it in, Reading A-Z and additional videos on United Streaming. We also added some drawing tablets, Palms and Ipods to the hardware in the district.

Work Order Process

If you experience a problem with a computer, please ask your computer aide or computer resource person to enter the item in Track It, a software program that will allow the techs to manage issues in priority order. Please refrain from sending direct e-mails or phone calls to the tech.

Desk Top Icons

To get all the Citrix icons on your desktop, please do the following:

1. Right click on the Citrix Red ball on the lower right of screen
2. Select options
3. Select application display on left of screen
4. Click show applications on desktop in center of screen

Websites of the Month

Each month, I will post a website for you and /or your students to explore. Please feel free to e-mail me suggestions.☺ The first site is one where I will keep all bookmarks for the district. It is web-based which means you have access any time you are on the web from any computer. The site is http://ww2.ikeepbookmarks.com/port_jervis This link is located off our homepage under the LINKS icon
