# Early College in the High School

- **Port Jervis CSD** has offered up to 16 college courses each year over the last 20 years
- Supports the **NYSED's** expectation for **College, Career, and Civic Readiness (CCCR/C3)** requirements
- Provides enrichment opportunities for **all** students as part of our **MTSS continuum**

# MTSS Continuum

# Why Offer Early College in the High School?

Research\* has shown that **Dual Enrollment** has a positive impact on:

- Graduation Rates
- College Enrollment
- College Success
- **Reduced** time frames to earn a degree
- College Completion Rates
- 70% of jobs will soon require some level of postsecondary education/training

# What's the Value-Add to Our District?

- AP vs Dual Enrollment- **33% vs 99% pass rate**
- Investment in our students and district
  - Our students often come back to the district or community
  - Our community invests in our students
- Pass rates for students to date taking college courses
- Creates college degree and career pathways for students
- Expands opportunities across disciplines—provides access to students who want to explore and study all academic disciplines
