RE: Meal Pick Up/Distribution

Dear Port Jervis Learning Community,

This is the first week of our expanded reopening for students to be in the buildings four days a week. In the coming weeks, we will have fewer remote students as we continue to transition more students back to in-person learning. With a greater number of students present in the buildings, the District has reevaluated our food service program. Starting March 15th, we will no longer be offering home meal deliveries. There will be two new survey options for parents/guardians to fill out depending on if your student is fully remote or receiving in-person instruction. Meal pick-ups, for fully remote students, will be available at all three of our school locations: the 209 Complex (Outside HS Kitchen), Middle School and HBE. We look forward to having our students back in the buildings.
